PROFILE

Fresh Graduate Software Engineering Student seeking for opportunity in the software engineering field to gain practical experience and apply my academic knowledge to real-world projects. By working in a collaborative and dynamic environment, I aim to enhance my technical skills and learn from experienced professionals in the industry.

EDUCATION

BA of Software Engineering

King Fahd University of Petroleum and Minerals

09/2019 – 12/2024
Dhahran, Saudi Arabia

Gained practical experience in my field through coursework and active participation in student activities, engaging in both academic and non-academic projects.

PROFESSIONAL EXPERIENCE

Student Club President

Intellectual and Electronics Sports Club

08/2023 – 07/2024
Dhahran, Saudi Arabia

Led the club's activities, managed the executive team, organized over 70 events, contests, and workshops, and fostered community engagement among members.

Information Technology Engineer Internship

Tamer Group

06/2023 – 08/2023
Jeddah, Saudi Arabia

The program includes hands-on training in the IT department, focusing on computer systems, networking, and troubleshooting IT systems.

Graphic Designer

KFUPM KIKX

01/2022 – 08/2022
Dhahran, Saudi Arabia

Designed visual content for marketing campaigns, including brochures, flyers, posters, newsletters, and social media graphics, ensuring brand consistency.

PROJECTS

Wordpress Website Development

Build a website for SaudiMET 2022 and 2024, showcasing event details, speakers, and registration.

React Website Development

Create Nashat, a system for clubs that streamlines communication between clubs and student affairs.

AWARDS

Best Web Development Course Project

Awarded "First Place" for developing a website with user customizations and AI features for Subway.

Best Student Club

Intellectual and Electronics Sports Club was awarded as the "Best Student Club" of the year.
